

Branch Pickup

We would like to remind everyone of the branch pick that will take place next week,

May 19th – May 22nd.

Please ensure that branches are cut to a manageable size, placed in a neat pile and easily accessible. We do not pick up tree stumps, logs or any branches that one person is unable to pick-up. These will have to be taken to the landfill by yourself.

As requested by the residents of Outlook, we have planned for an extra branch pick up week, this is scheduled to take place June 29th – July 3rd.

The final branch pick up will be taking place as usual after the Labor Day long weekend,

September 8th -11th.

We ask that residents please not mix compost with branches. These mixed piles will only be collected during branch pick up days.

Remember, you can always take branches to the landfill at no charge to you.

Happy Pruning!
