IRRIGATION CAPITAL OF SASKATCHEWAN

Report Type: Recreation Report

For Meeting Date: February 3rd, 2022

Report Date: February 2nd, 2022

Prepared By: Megan Anthony

1. Rec Plex: I have submitted insurance claims for both the Curling and Skating Compressors. Living Skies Refrigeration has solved the issues and has completed work on Compressor 1 and we have not had any issues since. They will be back to complete Compressor 2 and from there we have identified a preventative maintenance plan with them.
2. Community Events: We have recreational volleyball, pickleball and adult rec hockey going currently and the recreation staff have taken the initiative to start up a bowling league! There are posters up around town, we posted on social media and we will have advertising in the Newspaper to reach all demographics. The CO-OP Community Rink Grand Opening was put on hold due to COVID-19 but the CO-OP and I have been in contact and are planning to have the Grant Opening on February 19th. There will be skating, a bonfire, hot dogs, hot chocolate, entertainment and a ceremonial puck drop starting at 6:00 pm at the CO-OP Community Rink. We are also planning an event for the weekend of June 17th, 2022 so stay tuned for more details in the near future.
3. Management Report: I have recently taken a class on the Economics of Trust and will be implementing the skills I learnt to help build healthy relationships with all previous/new users in the Recreation Department as well as with my employees. I found the course to be very eye opening and educational and I look forward to applying the education I obtained in my day-to-day life. I have registered to take a leadership course on March 2nd, 2022 and I am really looking forward to it!
