IRRIGATION CAPITAL OF SASKATCHEWAN

Report Type: Recreation Report

For Meeting Date: May 12th, 2021

Report Date: May 7th, 2021

Prepared By: Megan Anthony

The Recreation Department has been busy getting many opportunities ready for our community. The RecPlex staff have significantly cleaned up the sportsgrounds by picking up the leaves and tidying up under the trees. Nordic Fencing was out on Wednesday May 5th to inspect the damaged fencing at ball diamond 3 as well as the condenser fence. Insurance has requested an in-person inspection to get a more accurate number on the damages. We are waiting on a new quote and will present it to the CAO upon arrival. The Multisport court is ready for usage so we have been looking into the equipment. We purchased two Basketball hoops from Costco. We will be ordering volleyball equipment as well as shuffleboard equipment as soon as possible.

One of our Beautification workers, Alanna, started on May 3rd. She was busy all week getting the planters cleaned out and tidied up for this year's planting. Our Communities in Bloom volunteer group has been given their supplies and will be ready to help plant. We plan on starting the planting process at the end of May beginning of June. Variety Place has also volunteered to take care of the SkyTrail flower beds. Thank you to everyone who has volunteered their time to help make our community a beautiful place!

The Pool Manager started working April 19th and got a lot of administrative work complete. A few more of our university student staff members and a few high school students started May 3rd and were busy getting the pool cleaned out. Pleasureway came in on Thursday May 6th to de-winterize the pool. The staff will be doing one more spray of the pool and then we will be starting to fill it by Monday May 10th. Swimming Lesson Registrations will be taking place on Monday and Tuesday May 10th and 11th from 5:00-8:00 pm. We are aiming for an opening date of May 22nd. The CAO has approved us to go ahead with the shed from Camp Outlook. All Star Towing is going to donate their services to the pool and in return we will put up an advertisement for them. Larry Pederson is going to help load the shed onto the flat deck trailer. We will be purchasing some pavers from Broderick Garden for the base of the shed. This shed will be used as a First Aid Shack as it allows more room for our cot, first aid supplies and easy access to the EMS gate.
