IRRIGATION CAPITAL OF SASKATCHEWAN

Report Type: Recreation Report

For Meeting Date: October 6th, 2021

Report Date: October 5th, 2021

Prepared By: Megan Anthony

The Swimming Pool is completely winterized now and we will be discussing potentially adding heat to the building and mechanical room for the winter months to help preserve our equipment at our next recreation meeting October 20th, 2021.

The Rec Plex Kitchen renovations that we budgeted for this year are completed. We have hired some kitchen workers for the 2021-2022 season and are looking forward to offering more nutritional options for our community and guests!

We started making ice on September 27th, there were a few bumps along the way but it will be completed by October 8th, 2021. Our first booking is October 9th and we have a fully booked rink for the month of October which is nice to see! We have hired one more rec worker as of right now and will be offering the position to one more person. Having five staff at the rink will benefit us in terms of what we can offer the public and offer a better scheduling system to our employees.

Once the ice is completed we will have more time to finish up the rest of the summer season duties such as emptying the flower planters.

The CO-OP Community Rink interior dirt work will be completed by Wright's Construction soon as well. We have received one tender for the CO-OP Community Rink lighting which will be taken to our next recreation meeting on October 20th, 2021 for discussion.
