

**Topic: Public Works Report**

**For Meeting Date: September 1, 2021**

**Report Date: August 31, 2021**

**Prepared by: Luke Lockhart**

---

**Transportation:**

- Sidewalk sections that were to be replaced are done, we will be looking at pouring some accessibility ramps in areas where there are none, some trip hazard remediation, and some overcoating of badly spalled sidewalk.
- DLN has completed the patching, we will be doing some overlays on portions of the highway with our remaining patch budget, also they are near ready to do the work on Conquest Ave, Reid Cres, Prairie Ave, and Aspen Dr.
- Our second round of street sweeping will commence on September 1<sup>st</sup>, expected to take 2 days.
- We will be conducting our annual asphalt paving index in the near future to determine areas for fixing next year.

**Utilities:**

- See August Water report

**Environmental Health:**

- Landfill operations have been running smooth for the most part with the new location and scale; we will be placing a sign order to assist the public with directions, some road work will have to be done to accommodate 2 way traffic more efficiently.
- Mcgills have started hauling leachate to the city of Saskatoon waste water facility, we will be required to send another set of samples to the lab as per the city's request.

**General Public Works:**

- Our summer students are all done for the year.
- Compost pickup has picked up a bit with the rains that we have had.
- Clay hauling took a few days break as it was to wet to haul,
- We have put together the dog and cat kennels at the depot building.
- Our final branch pickup of the year is scheduled for next week.
